MEMORIAL SLOAN KETTERING CANCER CENTER

Masters Level Biostatisticians

Memorial Sloan Kettering Cancer Center has positions available for Masters level biostatisticians. The successful applicant will engage in a wide variety of collaborative projects with medical investigators and statisticians. Projects involve the design, analysis and publication of clinical, laboratory or genomic research.

Qualifications include a Master's degree in biostatistics, statistics or related discipline, excellent programming skills, proficiency in statistical software packages, database manipulation, and good verbal and written communication skills.

Please email cover letter and c.v. to: EPIBIOSTATS@mskcc.org.

MSKCC is an equal opportunity and affirmative action employer committed to diversity and inclusion in all aspects of recruiting and employment. All qualified individuals are encouraged to apply.
