Applications are currently being accepted to fill two open rank tenure-track full-time clinical trials faculty positions at the University of Texas Health Science Center at Houston (UTHealth) School of Public Health. These faculty positions will be a part of the Coordinating Center for Clinical Trials and also integrated into the research, teaching, and service roles within one of four departments (Biostatistics and Data Science/Epidemiology, Human Genetics, and Environmental Science/Health Promotions and Behavioral Sciences/Management, Policy, and Community Health). The Coordinating Center for Clinical Trials is celebrating 50 years of clinical trial leadership, design, management, execution, analysis, and dissemination (both NIH and industry sponsored). The School of Public Health has a thriving and diverse student body, and the school itself is located in the largest medical center in the country. The academic position would have access to research collaboration among the many hospitals and institutions in the Texas Medical Center.

Position Qualifications: A Ph.D. degree in biostatistics, statistics, or related field and/or an MD with experience in leading clinical trials is required. Significant experience in the execution of clinical trials. Strong communication skills (oral and written). Commitment to mentorship. Preference will be given to candidates who have:

- a background in public health studies
- an excellent track record of mentorship and working with graduate students
- expertise in grant writing
- a successful track record of manuscript publications
- a broad background in trial design (e.g. adaptive randomization, seamless trials, group sequential monitoring, Bayesian adaptive design)
- experience with multicenter clinical trials
- experience with innovative trial designs and inclusion of complex data in clinical trials (e.g., EHR data, wearable devices, mobile health)
- use of auxiliary information or historical controls for trial planning

Website: [https://sph.uth.edu/research/centers/ccct/](https://sph.uth.edu/research/centers/ccct/)

Applicants must demonstrate experience as an independent researcher with funded research studies, presentations at national and international conferences, and a record of high-quality peer-reviewed publications. The successful candidates will provide guidance and mentorship to graduate and post-doctoral students. The candidates will participate in classroom instruction and should be prepared to teach graduate level classes. Teaching commitment will be agreed upon with Department Chairs and the Curriculum Coordinator in the Department. We aim to recruit outstanding research scholars, and the compensation package will be competitive.

*Application Link*: [http://p.rfer.us/UTHBLYB2d](http://p.rfer.us/UTHBLYB2d)

Review of applications will begin immediately and continue until the positions are filled. Candidates should submit a letter describing their qualifications and interests, unofficial transcripts of their degree, along with their curriculum vitae, and contact information for three professional references to: [https://www.uth.edu/hr/uthealth-careers](https://www.uth.edu/hr/uthealth-careers). Please contact search committee chair, José-Miguel Yamal with any questions or concerns at email: Jose-Miguel.Yamal@uth.tmc.edu entitling the correspondence as CCCT Faculty Search.

*UTHealth is committed to providing equal opportunity in all employment-related activities without regard to race, color, religion, sex, sexual orientation, national origin, age, disability, genetic information, gender identity or expression, veteran status or any other basis prohibited by law or university policy. Reasonable accommodation, based on disability or religious observances, will be considered in accordance with the applicable law and UTHealth policy. The University maintains affirmative action programs with respect to women, minorities, individuals with disabilities, and eligible veterans in accordance with applicable law. This is a security-sensitive position and thereby subject to Texas Education code §51.215. A background check will be required for the final candidate.*
