The Zicklin School of Business at Baruch College, City University of New York is seeking applicants for a professor in Statistics in the Paul H. Chook Department of Information Systems and Statistics. The position is open at all ranks (Assistant Professor, Associate Professor, or Full Professor) and begins in the Fall 2022 semester. Applicants must have a Ph.D. in Statistics or related fields by the time of appointment. Depending on their rank, they should have a proven record (for Associate or Full) or the potential (for Assistant) for high quality scholarly research leading to publications in premier peer-reviewed journals in Statistics. They must also have demonstrable skills and interest in statistics, machine learning, or information theory, with an emphasis on massive or high dimensional data or, more generally, data science. Applicants must also demonstrate good teaching ability and be able to develop and teach courses in data science (on topics such as Data Mining, Machine Learning, and Big Data Analytics, among others). Applicants at the Associate or Full Professor levels, must also have a record of service to their current or previous institutions.

Deadline: October 31st, 2021
