**Position Summary:**

The Department of Mathematics and Statistics at Villanova University welcomes applications for a continuing non-tenure-track position in Statistics that begins in August 2022, at the rank of Assistant Teaching Professor. The teaching load for the position is 12 credit hours per semester. Our department offers a new and growing undergraduate Major in Statistics, an undergraduate Minor in Statistics, and an MS in Applied Statistics. In addition to teaching introductory Statistics courses and courses for Statistics majors and minors, our new colleague is expected to advise undergraduate Statistics majors, contribute to the department and university through service, and participate in the life of the department. Villanova has recently strengthened its commitment to continuing non-tenure-track faculty members by making Assistant Teaching Professors eligible for promotion to Associate and Full Teaching Professor.

The department has 38 permanent full-time faculty, including 11 statisticians. The department is home to Villanova’s Center for Statistics and Data Science Education, which hosts a variety of events, including DataFest Philly each spring. For more information about the department, please visit [https://www1.villanova.edu/villanova/artsci/mathematics.html](https://www1.villanova.edu/villanova/artsci/mathematics.html).

Villanova is a Catholic university sponsored by the Augustinian order. Diversity and inclusion have been and will continue to be an integral component of Villanova University’s mission as well as the mission of the Department of Mathematics and Statistics. The University is an Equal Opportunity/Affirmative Action employer and seeks candidates who understand, respect, and can contribute to the University’s mission and values. Candidates from groups that are underrepresented in Mathematics and Statistics are especially encouraged to apply.

**Contact person:** Jesse Frey, jesse.frey@villanova.edu

**Duties and Responsibilities:**

- Teach 12 credit hours (three or four courses) per semester.
- Advise undergraduate Statistics majors.
- Contribute to the department and university through service and participate in the life of the department.

**Minimum Qualifications:**

Ph.D. in Statistics or a related field; Strong teaching potential.

**Preferred Qualifications:**

- Applicants must apply online at [https://jobs.villanova.edu/](https://jobs.villanova.edu/).
- All applications are to include:
  - Cover letter.
  - Curriculum vitae.
  - Copies of academic transcripts (undergraduate and graduate).
  - At least three letters of recommendation.
  - Statement of teaching philosophy
  - Summary of student teaching evaluations (if applicable)

For finalists, an official graduate transcript will be required.
An email will be sent to your references with a secure web link asking that they submit confidential letters of recommendation. Review of applications begins upon receipt and continues until the position is filled. We invite you to apply by February 10, 2022 for full consideration.
