The WPI Department of Mathematical Sciences invites applications for a postdoctoral scholar position to begin in the Fall of 2022. The successful applicants are expected to work with statistics faculty in the department to develop a robust research program and contribute to the teaching mission of the department by teaching four courses per year. Candidates will also have the opportunity to contribute to WPI’s growing interdisciplinary programs, in particular to the Data Science Program and to the Bioinformatics and Computational Biology program. Applicants should have a Ph.D. in Statistics, or related area. The appointment will be for up to three years with annual renewal based on satisfactory performance.

The successful candidate will join a department of over 40 faculty and postdocs. Our undergraduate programs in Mathematical Sciences and Actuarial Mathematics have over 200 students and our graduate programs have approximately 100 students. At the graduate level, we have several master’s programs (Applied Statistics, Applied Mathematics, Industrial Mathematics, and Financial Mathematics) and we offer PhDs in Mathematical Sciences and Statistics. The department has a strong reputation for its cutting-edge interdisciplinary research and for its successful programs addressing mathematical and statistical problems in industry, with a Center for Industrial Mathematics and Statistics (CIMS).

Qualified applicants should submit materials at mathjobs, https://www.mathjobs.org/jobs/list/18294

Review of applications will begin on December 10th and review of applications will continue until the position is filled.

Founded in 1865, WPI is one of the nation’s first technological universities. A highly selective private university located within an hour of Boston, WPI is consistently ranked among the top 70 research institutions by US News & World Report. The university is home to an innovative and intensive project-based curriculum that empowers students with the knowledge and skills to address real world problems around the globe. Located in the heart of New England, WPI is surrounded by cultural and recreational opportunities. The UMass Medical Center, many technology companies, and several colleges and universities are located in the immediate area making it ideal for two career families. All qualified candidates will receive consideration for employment without regard to race, color, age, religion, sex, sexual orientation, gender identity, national origin, veteran status, or disability. We are seeking individuals with diverse backgrounds and experiences who will contribute to a culture of creativity and collaboration, inclusion, problem solving and change making. At WPI, we have competitive and comprehensive benefits.
