The Mathematics Department at Seattle University invites applications for one full-time instructor position beginning September 2022. Instructors are responsible for teaching a variety of undergraduate- and master’s-level courses and providing departmental service, which may include advising. To support our growing data science program, people with experience in data science, statistics, or related subjects are especially encouraged to apply.

Requirements: A Ph.D. in mathematics, statistics, or closely related discipline, a strong background in data science, promise of teaching excellence, and a commitment to undergraduate education are essential.

Founded in 1891, Seattle University is a Jesuit Catholic university located on a beautiful campus of more than 50 acres in the dynamic heart of Seattle. Our diverse and driven population is made up of more than 7,200 students enrolled in undergraduate and graduate programs within eight schools and colleges. Seattle University is an equal opportunity employer.

In support of its pursuit of academic and scholarly excellence, Seattle University is committed to creating a diverse community of students, faculty and staff that is dedicated to the fundamental principles of equal opportunity and treatment in education and employment regardless of age, color, disability, gender identity, national origin, political ideology, race, religion, sex, sexual orientation, or veteran status. The university encourages applications from, and nominations of, individuals who will further enrich the diversity of our educational community.

Please submit applications through https://www.seattleu.edu/careers including a curriculum vitae, contact information for at least three confidential letters of reference, and a statement of teaching philosophy. As part of your application, please address how you will support our commitment to an inclusive and anti-racist program. Review of applications will begin February 28, 2022, and the position will remain open until filled. Letters of reference may be solicited upon completion of application.
