Non-Tenure Track Instructor of Statistics, Western Washington University

The Mathematics Department anticipates an opening for a temporary instructor in statistics. This is a full-time 9-month appointment, starting September 2022, with possibility of renewal. Required qualifications include a Master’s degree in mathematics or statistics by date of appointment; evidence of effective teaching at the lower undergraduate level in math and expertise in statistics at the level of an undergraduate statistics major. Interested candidates should submit an application to the Mathematics - Non-Tenure Track Faculty Vacancy Pool <https://employment.wwu.edu/cw/en-us/job/496280/mathematics-nontenure-track-faculty-vacancy-pool> Applications are accepted continuously; however, application review will begin immediately, so we encourage interested candidates to submit a complete application, as soon as possible. Questions may be directed to: <Math.Department@wwu.edu>. WWU is an equal opportunity and affirmative action employer.
