Academic Careers at IU

Assistant/Associate/Full Professor

Indiana University is an equal employment and affirmative action employer and a provider of ADA services. All qualified applicants will receive consideration for employment based on individual qualifications. Indiana University prohibits discrimination based on age, ethnicity, color, race, religion, sex, sexual orientation, gender identity or expression, genetic information, marital status, national origin, disability status or protected veteran status. Indiana University does not discriminate on the basis of sex in its educational programs and activities, including employment and admission, as required by Title IX. Questions or complaints regarding Title IX may be referred to the U.S. Department of Education Office for Civil Rights or the university Title IX Coordinator. See Indiana University’s Notice of Non-Discrimination here which includes contact information. (https://policies.iu.edu/policies/ua-01-equal-opportunity-affirmative-action/index.html)

The Annual Security and Fire Safety Report, containing policy statements, crime and fire statistics for all Indiana University campuses, is available online (https://protect.iu.edu/police-safety/annual-reports/index.html). You may also request a physical copy by emailing IU Public Safety at iups@iu.edu (mailto:iups@iu.edu)

Beginning with the fall 2021 semester, all Indiana University students, faculty, and staff will be required to be fully vaccinated for COVID-19 as a condition of enrollment / employment. To learn more about this requirement, view our COVID-19 vaccine information page. (https://www.iu.edu/covid/prevention/covid-19-vaccine.html)

Please see Special Instructions for more details.

IUB’s strategic plan identifies equity and inclusion as key priorities. The Statistics Department welcomes colleagues with experiences and competencies that can contribute to our principles of inclusion, equity, and diversity throughout campus life.

As part of an anticipated multiyear expansion, the Department of Statistics in the College of Arts and Sciences at Indiana University invites applications for one tenure track/tenured faculty position at the assistant/associate/full professor level with an August 1, 2023 start date.

Applicants should have a strong record of research productivity commensurate with their experience, and a commitment to teaching excellence at both the undergraduate and graduate levels and department service. A Ph.D. in statistics, biostatistics, computer science, or a closely related field is required.

Created in 2006, IU’s Department of Statistics currently offers both graduate and undergraduate degree programs and maintains the Indiana Statistical Consulting Center. Current faculty research interests include statistical learning, computational and spatial statistics, and Bayesian inference, with applications to neuroimaging, microbiome, genetics and phylogenetics, and human rights data. We are co-located with the Luddy School of Informatics, Computing, and Engineering which is expanding its initiatives in Artificial Intelligence. More information about the department can be found at its website: http://www.stat.indiana.edu. The usual teaching load for tenured faculty members is 3 courses per year with a one-course reduction for several years for pre-tenure faculty.

The College of Arts and Sciences is committed to building and supporting a diverse, inclusive, and equitable community of students and scholars. Women and underrepresented minorities are strongly encouraged to apply. Indiana University is an equal employment and affirmative action employer and a provider of ADA services. All qualified applicants will receive consideration for employment based on individual qualifications. Indiana University prohibits discrimination based on age, ethnicity, color, race, religion, sex, sexual orientation, gender identity or expression, genetic information, marital status, national origin, disability status or protected veteran status. IU is responsive to the needs of dual-career couples.

Applications received by November 1, 2022, will be given full consideration. The search will remain open until a suitable candidate is found. Please apply electronically at PeopleAdmin: https://indiana.peopleadmin.com/postings/13660

Application materials required include a cover letter, Curriculum Vita, statements on research and teaching, a diversity statement with information and specific examples about past, present, and future contributions to promoting equity, inclusion, and diversity in statistics, and three or more letters of recommendation with at least one addressing the candidate's teaching expertise.

Before a conditional offer of employment with tenure is finalized, candidates will be asked to disclose any pending investigations or previous findings of sexual or professional misconduct. They will also be required to authorize an inquiry by Indiana University Bloomington with all current and former employers along these lines. The relevance of information disclosed or ascertained in the context of this process to a candidate’s eligibility for hire will be evaluated by Indiana University Bloomington on a case-by-case basis. Applicants should be aware, however, that Indiana University Bloomington takes the matters of sexual and professional misconduct very seriously.

Please address questions and correspondence to: Kelly Hanna, Department of Statistics, Myles Brand Hall 104, 919 E 10th St, Bloomington, IN 47408, USA, khanna@indiana.edu, 812-855-7828.
