Academic Careers at IU

Lecturers for Fall 2023

Indiana University is an equal employment and affirmative action employer and a provider of ADA services. All qualified applicants will receive consideration for employment based on individual qualifications. Indiana University prohibits discrimination based on age, ethnicity, color, race, religion, sex, sexual orientation, gender identity or expression, genetic information, marital status, national origin, disability status or protected veteran status. Indiana University does not discriminate on the basis of sex in its educational programs and activities, including employment and admission, as required by Title IX. Questions or complaints regarding Title IX may be referred to the U.S. Department of Education Office for Civil Rights or the university Title IX Coordinator. See Indiana University’s Notice of Non-Discrimination here which includes contact information. (https://policies.iu.edu/policies/ua-01-equal-opportunity-affirmative-action/index.html)

The Annual Security and Fire Safety Report, containing policy statements, crime and fire statistics for all Indiana University campuses, is available online (https://protect.iu.edu/police-safety/annual-reports/index.html). You may also request a physical copy by emailing IU Public Safety at iups@iu.edu (mailto:iups@iu.edu)

Beginning with the fall 2021 semester, all Indiana University students, faculty, and staff will be required to be fully vaccinated for COVID-19 as a condition of enrollment / employment. To learn more about this requirement, view our COVID-19 vaccine information page. (https://www.iu.edu/covid/prevention/covid-19-vaccine.html)

Title Lecturers for Fall 2023
Appointment Status Non-Tenure Track
Department IU Bloomington Statistics
As part of an anticipated multiyear expansion, the Department of Statistics in the College of Arts and Sciences at Indiana University invites applications for two non-tenure-track lecturer positions with an August 1, 2023 start date.

Applicants should have a strong record of teaching excellence at the undergraduate service-course level. A commitment to cooperation in teaching and/or managing our large service course, Business Statistics, as well as to implementing proven effective pedagogical strategies in that course is essential. A Ph.D. in statistics, biostatistics, computer science, or a closely related field is required.

Created in 2006, IU’s Department of Statistics currently offers both graduate and undergraduate degree programs and maintains the Indiana Statistical Consulting Center. Current large service courses include Stat-S 301, Business Statistics, which serves the Kelley School of Business, and Stat-S 520, Introduction to Statistics, which serves Data Science Masters Students. We are co-located with the Luddy School of Informatics, Computing, and Engineering which is rapidly expanding its initiatives in Data Science and Artificial Intelligence. More information about the department can be found at its website: http://www.stat.indiana.edu (http://www.stat.indiana.edu/). The usual teaching load for non-tenure-track faculty is 5 courses per year with a half-course reduction per semester for directing Business Statistics.

Position Summary

Indiana University is an equal employment and affirmative action employer and a provider of ADA services. All qualified applicants will receive consideration for employment based on individual qualifications. Indiana University prohibits discrimination based on age, ethnicity, color, race, religion, sex, sexual orientation, gender identity or expression, genetic information, marital status, national origin, disability status or protected veteran status. IU is responsive to the needs of dual-career couples.

The College of Arts and Sciences is committed to building and supporting a diverse, inclusive, and equitable community of students and scholars. Women and underrepresented minorities are strongly encouraged to apply.

Applications received by January 15, 2023 will be given full consideration. The search will remain open until suitable candidates are found. Please apply electronically at PeopleAdmin: https://indiana.peopleadmin.com/postings/14904 (https://indiana.peopleadmin.com/postings/14904)

Application materials required include a cover letter, Curriculum Vitae, a statement on teaching which includes evidence of commitment to student success and adoption of evidence-based approaches to teaching and learning, a diversity statement with information and specific examples about past, present, and future contributions to promoting equity, inclusion, and diversity in statistics, and three or more letters of recommendation addressing the candidate’s teaching expertise.

Basic Qualifications

A Ph.D. in statistics, biostatistics, computer science, or a closely related field is required.
