Postdoctoral Associate Position in fMRI

JOB DESCRIPTION

Description:

The purpose of this search is to fill a Post-Doctoral Research Associate position for a 24-month appointment. This position will provide exciting opportunities to work with network and brain imaging data and develop novel methods for causal inference and network analysis. The postdoctoral associate will be primarily mentored by Youjin Lee, PhD, Assistant Professor of Biostatistics and opportunities to collaborate with Ani Eloyan, PhD, Assistant Professor of Biostatistics and other faculty members in Brown University Department of Biostatistics and the Carney Institute for Brain Science are also available. The position is for 24 months.

Position Qualifications:

Positions qualifications include PhD degree in biostatistics, statistics or related quantitative field with considerable knowledge and experience in R. Candidates with experience in causal inference, neuroimaging data, and network analysis are especially welcome to apply.

Application:

Review of applications will begin immediately following the deadline of February 1, 2023, and will continue until the position is filled or the search is closed. To apply, please submit a CV, research statement, a diversity statement, copies of two most relevant publications and three (3) letters of recommendation through Interfolio at http://apply.interfolio.com/118563. Applicants must have completed all PhD requirements prior to starting work. Scientific questions regarding this position should be directed to Dr. Youjin Lee at youjin_lee@brown.edu. Brown University is committed to increasing diversity and inclusion of underrepresented groups. In your diversity statement, please address how your past and present work demonstrates a commitment to diversity, equity and inclusion, and how you intend to continue your commitment to diversity in future work. We value the different ways this might be demonstrated through scholarship, teaching, mentoring, service and community engagement.

Brown University is committed to fostering a diverse and inclusive academic global community; as an EEO/AA employer, Brown considers applicants for employment without regard to, and does not discriminate on the basis of, race, color, sex, age, national or ethnic origin, disability, veteran status, sexual orientation, gender identity, gender expression, or any other characteristic protected under applicable law, and caste, which is protected by our University policies.
